

# Canadian Innovation Commercialization Program (CICP)

## About the CICP

The Canadian Innovation Commercialization Program (CICP) is a new, \$40 million initiative. It aims to help Canadian businesses by testing their innovative products and services within the Government of Canada before taking them to the marketplace.

### Bridging the pre-commercialization gap

- Enabling Canadian businesses to showcase their innovations to potential government buyers
- Awarding government contracts through an open, transparent, competitive and fair procurement process
- Testing and providing feedback to entrepreneurs on the performance of their products or services
- Empowering innovators with the opportunity to enter the marketplace with successful applications
- Helping businesses get information on how to do business with the Government of Canada

### The CICP targets innovations in four priority areas

- Environment
- Safety and security
- Health
- Enabling technologies

For more information about the CICP, please email: [innovation@pwgsc-tpsgc.gc.ca](mailto:innovation@pwgsc-tpsgc.gc.ca) or visit: [www.buyandsell.gc.ca/innovation](http://www.buyandsell.gc.ca/innovation) or call 1-800-811-1148
