Village of Paradise Valley

The Village of Paradise Valley is situated in a picturesque valley 40 km south-west of Lloydminster and approximately 45 km north-east of Wainwright.

The first settlers began arriving in the area in 1906. The rolling prairie, poplar and willow trees suggested the name of Paradise Valley and the village was so named in 1910. The C.P.R. brought railway to Paradise Valley in 1929 and the track was removed in 1989.

Paradise Valley is fortunate in being located in a prime mixed farming and agricultural area.

Paradise Valley, also known as P.V., is a very sports minded community and has several sporting facilities available.

Small town living with many city conveniences and friendly residents makes it a great place to live !
